LINNA YANG

Business Analyst Intern

60588864 | 286000398@qq.com | http://changle.design

EDUCATION

Hong Kong University of Science and Technology Sep 2026 – Feb 2028
MSc, Technology Leadership and Entrepreneurship

China Jiliang University Sep 2022 – Jun 2026
Industrial Design, Bachelor's Degree | Ranked 1/58

PROFESSIONAL EXPERIENCE

AsiaInfo Technologies
Feb 2026 – Jun 2026

Product Manager Assistant

- **Requirements analysis:** Supported China Mobile's AIGC mini-program and web admin platform; documented 80+ requirements across six modules in PRDs, including business rules, permissions and dependencies.
- **Competitor research:** Compared Xiaoban/Claw, Xingye, Canva AI and iFlytek Spark across AI entry points, multimodal features, token usage, payment triggers and retention incentives.
- **Solution design & delivery:** Mapped 12 scenarios and delivered 40+ prototypes. Logged 40 issues through three UI walkthroughs and one UX/UI iteration, coordinating fixes with engineering.

Orange Vision
Jul 2026 – Aug 2026

AI Product Manager Assistant

- **Business requirements:** Wrote iteration PRDs and a product guide for OranMed, defining brand, platform and creator workflows, role actions and task status transitions.
- **Workflow analysis:** Mapped task acceptance, review, revision and publication, including rejection and resubmission branches; redesigned task hierarchy and feedback traceability.
- **Solution prototyping:** Used Lovable to deliver low-fidelity creator and Agency prototypes covering task filtering, review feedback and version history, supported by process diagrams.

Hangzhou Youhutong Technology
Nov 2024 – Mar 2025

Product Design Intern

- **User & data analysis:** Used interviews, usage logs and usability tests to identify reporting issues; organized 20+ metrics by usage frequency and importance for dashboard and custom-report design.
- **Process improvement:** Simplified incident reporting into contextual steps with draft saving, addressing confusing field logic and interrupted submissions.

PROJECT EXPERIENCE

Haili Stationery Market

Organizer / Project Lead

- **Planning & SOPs:** Coordinated ~83 booths and three-day operations across vendors, venue and on-site teams; documented timelines, SOPs and exception-handling procedures.
- **User feedback:** Published 41 Xiaohongshu posts and handled 110 inquiries. Analyzed surveys and platform data to inform online purchasing-system improvements.
- **AI workflow automation:** Cut poster prototyping from ~40 to 20 minutes and vendor screening from two hours to 30 minutes using AI and MCP; assisted with recruitment emails.

SKILLS & PORTFOLIO

Business analysis: Requirements, process mapping, business rules, prototyping and stakeholder communication.

Tools: Python, Figma, Feishu/Lark, Lovable, Cursor, Codex; MCP and agent workflows.
